

ENERGY SAVING GRANTS

There are a large number of grants related to energy saving available in the UK, which can help you to save energy in your home or business. These grants can be broadly placed into two main categories. There are those which go towards saving the energy you currently use with measures such as cavity wall insulation, and there are also grants available towards renewable sources of energy which will reduce your consumption of electricity from the national grid and/or of mains gas.

In addition to saving energy, you may also be able to save money on your gas and electricity bills by switching supplier. Visit our energy switch marketplace to compare prices with your existing supplier - http://www.uk-energy-saving.com/cheap_gas_electricity.html

INSULATION / DRAUGHT PROOFING

Visit our Insulating Your Home page <http://www.uk-energy-saving.com/insulation.html> and complete the application for a free no-obligation quotation including information on insulation grants to which you are eligible.

ENERGY ASSISTANCE PACKAGE (SCOTLAND) – Loft and cavity wall insulation, draught proofing, hot and cold tank and pipe insulation, central heating installation, and advice on energy efficiency.

More information at:

UK Energy Saving - www.uk-energy-saving.com/energy-assistance-package.html ; Energy Saving Trust - www.energysavingtrust.org.uk/scotland/

HOME ENERGY EFFICIENCY SCHEME (WALES) – Grants towards loft and cavity wall insulation, draught proofing, electric storage heaters, energy saving light bulbs and smoke alarms. The Home Energy Efficiency Scheme Plus grant is also available where oil central heating is required.

More information at:

UK Energy Saving - www.uk-energy-saving.com/home_energy_efficiency_scheme.html; Home Energy Efficiency Scheme - www.heeswales.co.uk; Telephone 0800 316 2815

WARM FRONT SCHEME (ENGLAND) – Grants towards loft and cavity wall insulation, energy saving light bulbs, heating systems and energy efficiency advice.

More information at:

UK Energy Saving - www.uk-energy-saving.com/warm_front_scheme.html; Warm Front Scheme - www.warmfront.co.uk; Telephone 0800 316 2805

WARM HOMES SCHEME (NORTHERN IRELAND) – Grants towards loft and cavity wall insulation, draught proofing, energy saving light bulbs and energy efficiency advice. Some applicants may also be eligible for central heating.

More information at:

UK Energy Saving - www.uk-energy-saving.com/warm_homes_scheme.html; EAGA - www.eaga.com; Telephone 0800 181667

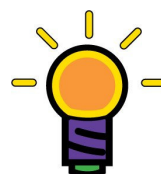

CENTRAL HEATING

See **ENERGY ASSISTANCE PACKAGE (SCOTLAND)**, **HOME ENERGY EFFICIENCY SCHEME (WALES)**, **FRONT SCHEME (ENGLAND)** and **WARM HOMES SCHEME (NORTHERN IRELAND)** information above.

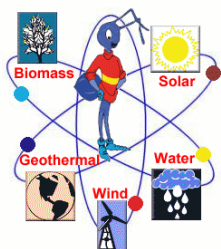

ENERGY SAVING LIGHT BULBS

See **HOME ENERGY EFFICIENCY SCHEME (WALES)**, **WARM FRONT SCHEME (ENGLAND)** and **WARM HOMES SCHEME (NORTHERN IRELAND)** information above.

RENEWABLE ENERGY

Grants towards the cost of **SOLAR POWER**, **BIOMASS** and **GEO THERMAL ENERGY** are available through the Low Carbon Buildings Programme or the Energy Saving Scotland Home Renewables Grant Scheme which are managed by the Energy Saving Trust. The Energy Saving Scotland Home Renewables Grant Scheme also offers grants for **WIND** and **HYDRO ELECTRIC POWER** installations.

FURTHER ADVICE

ENERGY SAVING TRUST ADVICE CENTRES – These local centres can provide energy efficiency advice and information on possible local grant schemes or offers.

More information at:

Energy Saving Trust – www.est.org.uk; Telephone 0800 512012

CITIZENS ADVICE BUREAU – Information on local special offers.

More information at:

Advice Guide - www.adviceguide.org.uk; Citizens Advice – www.citizensadvice.org.uk (for details of your local office)

DIRECT GOV – May have up to date information on grants and offers.

More information at:

Direct Gov – www.direct.gov.uk

YOUR LOCAL COUNCIL – Your parish, town, city or county council may offer additional schemes or be able to provide information on other offers in your area.

More information at:

Direct Gov - www.direct.gov.uk (council directory)

YOUR ENERGY COMPANY – Your utilities provider should be able to provide you with information on energy efficiency grants that may be available from them.

We trust that the information provided above has proved to be useful. If there is anything you feel that we have missed, please do not hesitate to contact us. Every effort is made to maintain the accuracy of this information, but UK Energy Saving cannot be held responsible for any errors or omissions.
