

## ENERGY SAVING GRANTS

There are a large number of grants related to energy saving available in the UK, which can help you to save energy in your home or business. These include help with costs of measures such as cavity wall insulation and central heating installations.

In addition to saving energy, you may also be able to save money on your gas and electricity bills by switching supplier. Visit our energy switch marketplace to compare prices with your existing supplier - [http://www.uk-energysaving.com/cheap\\_gas\\_electricity.html](http://www.uk-energysaving.com/cheap_gas_electricity.html)

### INSULATION / DRAUGHT PROOFING

Visit our Insulating Your Home page <http://www.uk-energysaving.com/insulation.html> and complete the application for a free no-obligation quotation including information on insulation grants to which you are eligible.

**ENERGY ASSISTANCE PACKAGE (SCOTLAND)** – Loft and cavity wall insulation, draught proofing, hot and cold tank and pipe insulation, central heating installation, and advice on energy efficiency.

More information at: UK Energy Saving - [www.uk-energy-saving.com/energy-assistance-package.html](http://www.uk-energy-saving.com/energy-assistance-package.html); Energy Saving Trust - [www.energysavingtrust.org.uk/scotland/](http://www.energysavingtrust.org.uk/scotland/)

**NEST SCHEME (WALES)** – This scheme replaces the former Home Energy Efficiency Scheme (HEES) and offers energy efficiency measures such as insulation and draught proofing.

More information at: UK Energy Saving – [www.uk-energy-saving.com/nest-making-wales-cosy.html](http://www.uk-energy-saving.com/nest-making-wales-cosy.html); Nest – [www.nestwales.org.uk](http://www.nestwales.org.uk)

**WARM FRONT SCHEME (ENGLAND)** – Grants towards loft and cavity wall insulation, energy saving light bulbs, heating systems and energy efficiency advice.

More information at: UK Energy Saving - [www.uk-energy-saving.com/warm\\_front\\_scheme.html](http://www.uk-energy-saving.com/warm_front_scheme.html); Warm Front Scheme - [www.warmfront.co.uk](http://www.warmfront.co.uk); Telephone 0800 316 2805

**WARM HOMES SCHEME (NORTHERN IRELAND)** – Grants towards loft and cavity wall insulation, draught proofing, energy saving light bulbs and energy efficiency advice. Some applicants may also be eligible for central heating.

More information at: UK Energy Saving - [www.uk-energy-saving.com/warm\\_homes\\_scheme.html](http://www.uk-energy-saving.com/warm_homes_scheme.html); Warm Homes Scheme – [www.warm-homes.com](http://www.warm-homes.com); Telephone 0800 998 0559

### CENTRAL HEATING

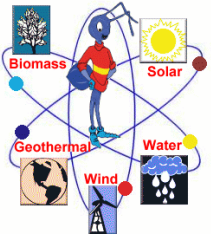

See **ENERGY ASSISTANCE PACKAGE (SCOTLAND)**, **NEST SCHEME (WALES)**, **WARM FRONT SCHEME (ENGLAND)** and **WARM HOMES SCHEME (NORTHERN IRELAND)** information above.

### ENERGY SAVING LIGHT BULBS

See **WARM FRONT SCHEME (ENGLAND)** and **WARM HOMES SCHEME (NORTHERN IRELAND)** information above.

## **RENEWABLE ENERGY**

Grants towards the cost of renewable energy are no longer available from the government. Grants may be available in your local area - see our **FURTHER ADVICE** section below for who to contact.

Feed-in Tariffs have been introduced to pay small-scale renewable energy generators for the electricity they produce. Technologies eligible for these tariffs include **SOLAR PHOTOVOLTAIC (ELECTRIC), WIND POWER** and **MICRO HYDRO POWER**.

More information at: UK Energy Saving - [www.uk-energy-saving.com/electricity-feed-tariffs.html](http://www.uk-energy-saving.com/electricity-feed-tariffs.html); Energy Saving Trust - [www.est.org.uk](http://www.est.org.uk)

The Renewable Heat Incentive will be brought in during 2011. This will offer tariffs to renewable heat generators for heat generated from sources including **SOLAR THERMAL ENERGY, GROUND SOURCE HEAT PUMPS** and **BIOMASS**. Tariffs will not be available for domestic installations until October 2012 (although installations from 15<sup>th</sup> July 2009 will then be eligible) but Premium Payments in the form of grants towards the cost of installing renewable heat applications will be available to some householders in the run up to tariffs becoming available (conditions will apply).

More information at: UK Energy Saving - <http://www.uk-energy-saving.com/renewable-heat-incentive.html>; Energy Saving Trust - [www.est.org.uk](http://www.est.org.uk)

## **FURTHER ADVICE**

**ENERGY SAVING TRUST ADVICE CENTRES** – These local centres can provide energy efficiency advice and information on possible local grant schemes or offers.

More information at: Energy Saving Trust - [www.est.org.uk](http://www.est.org.uk); Telephone 0800 512012

**CITIZENS ADVICE BUREAU** – Information on local special offers.

More information at: Advice Guide - [www.adviceguide.org.uk](http://www.adviceguide.org.uk); Citizens Advice - [www.citizensadvice.org.uk](http://www.citizensadvice.org.uk) (for details of your local office)

**DIRECT GOV** – May have up to date information on grants and offers.

More information at: Direct Gov - [www.direct.gov.uk](http://www.direct.gov.uk)

**YOUR LOCAL COUNCIL** – Your parish, town, city or county council may offer additional schemes or be able to provide information on other offers in your area.

More information at: Direct Gov - [www.direct.gov.uk](http://www.direct.gov.uk) (council directory)

**YOUR ENERGY COMPANY** – Your utilities provider should be able to provide you with information on energy efficiency grants that may be available from them.

*We trust that the information provided above has proved to be useful. If there is anything you feel that we have missed, please do not hesitate to contact us. Every effort is made to maintain the accuracy of this information, but UK Energy Saving cannot be held responsible for any errors or omissions.*
